New Delhi Snapfish reinforced its commitment to provide a superior photo sharing experience in India by announcing its partnership with Huggies, world's leading baby care brand. The alliance facilitates the launch of a co-branded photo center which would enable an enhanced parenting experience for Gen X moms. HP Snapfish, world's leading online photo service, also celebrated its first anniversary in India with over 5 million photos uploaded on its website.

This website is one of the favorite list of websites for the internet savvy moms in India. According to a recent study, Internet savvy moms in India spend almost eight hours a day using media, including 5.4 hours spent on the Internet, television and mobile phones with maximum time spent on the internet for task oriented parenting. The launch of this Photo Center will enable parents to print, share and store unlimited photographs of their babies online while providing an extensive range of personalized products by HP Snapfish.

Speaking on the alliance with Huggies, Mr. Bala Parthasarathy, MD, Asia Pacific, Snapfish, Hewlett-Packard said, "Online photo sharing and printing is a new trend taking fancy of the Gen X mom, who uses the latest technology to store, share and print cherished memories. This is another initiative from Huggies to provide a superior parenting experience to Gen X moms – mothers who are experimental, sophisticated and technology savvy. We are confident that Huggies mothers will love this new photo sharing and printing experience."

Successful alliances, customer acquisitions, innovative products and services form a core ingredient for HP Snapfish's exemplary performance in its inaugural year.
