**O**NE of the more recent additions on our TV screens is a thoughtful, caring daughter remembering how her mother has sacrificed for her and stood by her through those tough times. This being an ad for an air-conditioner, the daughter decides to repay the aging mother and give her some comfort by buying her the AC.

The ad is well-timed, with Mother's Day just round the corner, but what really matters is the thought it generates. Whether you buy her

## To Mom, With Love

Here are a few ideas to make the special woman in your life feel loved

an AC or give her a hug, make sure you make her feel special on Mother's Day. *Espresso* lists out a few of the gifts, apart from the traditional flowers and cards, that you could shower upon your mother.

**Fit for a gift:** After a huge load of work throughout the week, what she needs is some time to relax and calm herself. Help her to unwind with yoga or meditation. And gift her yoga wear from the newly launched line of yoga apparel, footwear and accessories by Adidas.

**Mummy's memories:** Haven't you seen her sitting and staring fondly at that photo frame with your pic in it for long? HP Snapfish's special collection comprising Collage Magic Mugs (a black coloured mug that

displays a picture collage as soon as a hot beverage is poured into it), photo notebooks and Collage mouse pads could be ideal gifts to keep the memory fresh.

**Chocolatey treat:** If your mother swoons over chocolates, here's something thematic she may like. Gift her a trendy watch done in chocolate style — Titan Raga's 'Chocolat'. The collection will remind her of a variety of chocolates.

**Beauty queens:** Keep her happy and glowing. Gift her toiletries from the Inzio Femme range of *Essenza Di Wills*. Also, Kaya Skin Clinic is offer-

ing a gift bag which includes soothing cleansing gel, daily use moisturising sunscreen, revive and firm gel, a voucher for a Kaya Express Glow Treatment and chocolates.

**Dazzle her:** Charm your mother with elegant single line diamond bangles from Nirvana that are intricately designed. CaratLane.com's new collection consists of a set of three-stone diamond jewellery. The rings, pendants and earrings in this collection have three diamonds, each symbolising a different phase of life — past, present and future.

**Chill maadi:** Don't let her cook on her special day. Give your mother the best treat ever. Tickle her taste buds at Café Mozaic, Taj Residency which is offering Mother's Day brunch on May 10. It is priced at Rs 1,500 along with an unlimited serving of selective alcoholic beverages. Lucky mothers also stand a chance to win a stay voucher.
